

Maka Boy Media Productions (MBMP) Charter

MBMP is an organization devoted to media production and outreach. MBMP has three different types of media areas. Video Production (Exploding Can Productions), Audio Production and, Image Production.

Video Production

Exploding Can Productions (ECP) is a video productions organization. Videos released by MBMP will be branded as an Exploding Can Production. All credits from ECP and its subordinates will also be credited to MBMP. ECP has a subordinate video production organization titled Reuben2011 Video Productions (R11VP). R11VP is a video production group for Reuben Tate. ECP is basically the producer for R11VP. All video production equipment and software can be rented out through ECP.

Audio Production

Audio Production creates new audio arrangements, creates print sheet music and records bands and/or individuals.

Image Production

Image Production creates new works of visual art and modifies existing art. Artists under CF may publish their work under MBMP with full credit to the author. Image businesses are allowed to be hosted by MBMP with full credit to their business.

Outreach

Creative Factors (CF) has been established to help people who want to publish their media and express their creativity. CF is now a chartered club at Hilo High School.

Producers

Producers are individuals who create media works for MBMP. The title may be given once an individual submits an approved application and submits works that follow the constitution.

Disclaimers

All works created by MBMP and its subordinates must be credited with its respected organizations. All works must have Maka Boy Media Productions credited. Images are not required to hold a watermark. All producers must try to avoid using copyrighted material, but if it is necessary then it will be allowed. Publishing works with copyrighted material will be handled accordingly by MBMP. All logos cannot be modified without written approval.
